The Global warming hoax-EXPOSED!

Here is material for you to use in informing others of the hoax that is the Global Warming Scare. This is notable research materials that contradict the (formerly) mainstream media hype on the subject. Why? You ask would the media promote a lie? You're kidding, right?! Let's take a little tour of the reasons behind the GW scare (much the same as the George Bush scares-like Bush lied and people died). An aside, just for your information, WMD were found in Iran, documented and ignored by the media to make Bush look bad. Research this yourselves. Get the book *Shadow Warriors: The Untold Story of Traitors, Saboteurs, and the Party of Surrender* (Crown Forum), by Kenneth Timmerman

RANGE CLEAN UP-March 8, 9AM till noon Go to wildlifehunters.com/forum to see details.

WEATHER PERMITING RSVP<whacEmason@USA.net> for lunch count-dogs and brats.

THE RANGE ROAD

Rainy season is coming. Don't get stuck. Also, be careful driving in on frozen dirt to be stuck in thawed mud. Do not pass on the cultivated fields.

THE RANGE TARGETS

Every shooter on the firing line MUST check EVERY other gun on the firing line before going downrange. Shoot only paper targets, bowling pins, etc. Do NOT shoot anything that will break into pieces such as cinder blocks, any glass or plastic, etc. When you are done, pick up the trash and take it home with you.

THE RANGE BACKSTOPS

Post your targets low; do NOT set anything on top of the back stops. Keep your muzzle below the horizon at all times. Make sure all others on the firing line comply.

THE RANGE NON-MEMBERS

If someone is there who does not have their ID card on, has not signed in or is misusing or abusing the facilities, you MAY ask them to leave. If they refuse, you may call 911 and report a trespasser with a gun. That will get the Adams County Sheriff's officer there real quick. Or you can call Robert Hazlet 303-659-8431 and tell him of the problem. Many people say they have Robert's permission to shoot there. But, our agreement with Robert is that anyone whom he allows to use the property MUST first sign an application. If they do not have club ID, they must stop what they are doing and get in touch with Robert or the club.

ON THE WORLD FRONT

The Muslim religion is the fastest growing religion per capita in the United States (and the world), especially in the minority races! There are several races which will become extinct in 20 years due directly to conversion to Muslim and their birth rate. If you want more intelligent info on the subject, read Mark Steyn's book ...[**America Alone: The End Of The World As We Know It**](#)

Allah or The Lord Jesus Christ?

By Rick Mathes

Last month I attended my annual training session that's required for maintaining my state prison security clearance. During the training session there was a presentation by three speakers representing the Roman Catholic, Protestant and Muslim faiths, who explained each of their beliefs. I was particularly interested in what the Islamic Imam had to say. The Imam gave a great presentation of the basics of Islam, complete with a video.

After the presentations, time was provided for questions and answers. When it was my turn, I directed my question to the Imam and asked: "Please, correct me if I'm wrong, but I understand that most Imams and clerics of Islam have declared a holy jihad [Holy war] against the infidels of the world and, that by killing an infidel, (which is a command to all Muslims) they are assured of a place in heaven. If that's the case, can you give me the definition of an infidel?"

There was no disagreement with my statements and, without hesitation, he replied, "Non-believers!"

I responded, "So, let me make sure I have this straight. All followers of Allah have been commanded to kill everyone who is not of your faith so they can have a place in heaven. Is that correct?" The expression on his face changed from one of authority and command to that of "a little boy who had just been caught with his hand in the cookie jar." He sheepishly replied, "Yes."

I then stated, "Well, sir, I have a real problem trying to imagine Pope Benedict commanding all Catholics to kill those of your faith or Dr. Stanley ordering all Protestants to do the same in order to guarantee them a place in heaven!" The Imam was speechless!

I continued, "I also have a problem with being your 'friend' when you and your brother clerics are telling your followers to kill me! Let me ask you a question. Would you rather have your Allah, who tells you to kill me in order for you to go to heaven, or my Jesus who tells me to love you because I am going to heaven and He wants you to be there with me?" You could have heard a pin drop as the Imam hung his head in shame.

Needless to say, the organizers and/or promoters of the 'Diversification' training seminar were not happy with Rick's way of dealing with the Islamic Imam and exposing the truth about the Muslims' beliefs.

In twenty years there will be enough Muslim voters in the U.S. to elect the President!

I think everyone in the U.S. should be required to read this, but with the Liberal justice system, liberal media and the ACLU, there is no way this will be widely publicized, unless each of us passes it on!

ON THE POLITICAL FRONT

You just have to love the responses to the actions of the Berkeley City Council. I understand they are reconsidering their actions this week in view of legislation proposed in Congress to withhold all Federal Funding, including "Earmarks," to the elite citizens of Berkeley!

BERKELEY, Calif. Local officials in this liberal city say it's time for the U.S. Marines to move out. The City Council has voted to tell the Marines their downtown recruiting station is not welcome and 'if recruiters choose to stay, they do so as uninvited and unwelcome guests. The measure passed this week by a vote of 8-1. Now check this out: here is a letter a businessman wrote to the Mayor of Berkeley.

Is this a great country or what?

This is the kind of response it takes from Americans to stand up against the tide of apathy of self serving idiots.

“Dear Mayor Bates, In that you and your city have chosen to gravely insult the brave men and women who have indeed bought you that right with their blood, I am informing you that my company will no longer do business with any of our current suppliers located in the Berkeley, California metro area. In that my company is in international resort real estate development, and I do business with and am associated with, developers and investors worldwide, I am informing all of my contacts, associates and patrons that we will no longer do any business of any sort with anyone living in the Berkeley area. In that we/MDG Resorts are currently building a state of the art mega-yacht marina, all of the suppliers of Marina equipment, all owners of Yachts, all suppliers of Yacht materials & supplies, all yacht brokers and all tangential yacht business purveyors will likewise be informed that we will not do any business whatsoever with anyone from the Berkeley area.

Likewise all suppliers of building materials, both interior and exterior, currently associated with any of our several resort developments (Brisamar 300+ villas and 200+ condos: Porto Hussong, 500+ condos, 180 slip mega-yacht marina) both of which I might add have international recognition by virtue of glowing reports in Robb Report, Wall Street Journal, Yacht World, Forbes. I will likewise inform all of our investors, most of whom are very wealthy yacht owners, casino owners, high net worth international businessmen, of our decision to essentially boycott all products and providers located in, or associated with in any way whatsoever, Berkeley, CA. Trust me when I say that having been in the real estate development business for over 35 years, our list of contacts and associates is long and very, very impressive. We, and I personally, are going to recommend that they ALL along with us boycott your city, its purveyors, suppliers, and businesses and CHARITIES of every kind.

You have every right to choose to take the obnoxious anti-military stance you have taken, and as stated, that right was bought for you with the blood of better men than you. I too have every right to do all that I can to insure that your city suffers consequences arising from that obnoxious, sickening stance.

Cordially,

Brian G Dennard

In another piece from Melanie Morgan, yet another business man has pulled out of Berkeley. Behold...

Good Morning "Code Pink Corps" Our company has just completed an analysis of the funds we have spent during 2007 within the city limits of Berkeley. The number was larger than I expected: \$230,716. This amount is broken down in the following categories: Meals and meeting expenses: \$43,807; Printing, copies and imaging services: \$36,954. Shipping expenses \$18,534; temporary employment \$103,954; Office supplies and equipment purchases: \$27,467. Our expenses in Berkeley increased by about 12% this past year. We have budgeted a similar increase for 2008.

Because of the actions of "CodePink" and the Berkeley City Council we find that we must now exercise our 'freedom to act' and not do business within the City of Berkeley any longer. Over the next five years, the City of Berkeley will lose just from our organization from \$1.4 to \$1.7 million in business.

We will still grow our business successfully but we will fulfill our service needs, including meals and meeting expenses, at locations OTHER THAN BERKELEY. We are also encouraging our colleagues and business associates to do the same. Many will not be as direct as we are in communicating to you our actions.

While we regret that this action will hurt many worthy individuals and businesses in Berkeley, we are sure to gain a more friendly business environment elsewhere as our business continues to thrive. Gee, ain't freedom and free markets great? You've made your decisions ... we have made ours.

Karl G.*Editors Note*As we go to press, the City Council of Berkley has rescinded their statement.

Now there is a bunch with convictions. NOT!

To Kill America

Lee Iacocca says: 'Am I the only guy in this country who's fed up with what's happening? Where the hell is our outrage? We should be screaming bloody murder. We've got a gang of clueless bozos steering our ship of state right over a cliff, we've got corporate gangsters stealing us blind, and we can't even clean up after a hurricane much less build a hybrid car. But instead of getting mad, everyone sits around and nods their heads when the politicians say, 'Stay the course'. Stay the course? You've got to be kidding. This is America, not the damned 'Titanic'. I'll give you a sound bite: 'Throw all the bums out!' You might think I'm getting senile, that I've gone off my rocker, and maybe I have. But someone has to speak up. I hardly recognize this country anymore.

The most famous business leaders are not the innovators but the guys in handcuffs. While we're fiddling in Iraq, the Middle East is burning and nobody seems to know what to do. And the press is waving 'pom-poms' instead of asking hard questions. That's not the promise of the 'America' my parents and yours traveled across the ocean for. I've had enough. How about you?

I'll go a step further. You can't call yourself a patriot if you're not outraged. This is a fight I'm ready and willing to have. The Biggest 'C' is Crisis! Leaders are made, not born. Leadership is forged in times of crisis. It's easy to sit there with your feet up on the desk and talk theory. Or send someone else's kids off to war when you've never seen a battlefield yourself. It's another thing to lead when your world comes tumbling down. On Sept. 11, 2001, we needed a strong leader more than any other time in our history. We needed a steady hand to guide us out of the ashes. A Hell of a Mess. So here's where we stand. We're immersed in a bloody war with no plan for winning and no plan for leaving. We're running the biggest deficit in the history of the country. We're losing the manufacturing edge to Asia, while our once-great companies are getting slaughtered by health care costs. Gas prices are skyrocketing, and nobody in power has a coherent energy policy. Our schools are in trouble. Our borders are like sieves.

The middle class is being squeezed every which way. These are times that cry out for leadership. But when you look around, you've got to ask: 'Where have all the leaders gone?' Where are the curious, creative communicators? Where are the people of character, courage, conviction, omnipotence, and common sense? I may be a sucker for alliteration, but I think you get the point. Name me a leader who has a better idea for homeland security than making us take off our shoes in airports and throw away our shampoo? We've spent billions of dollars building a huge new bureaucracy, and all we know how to do is react to things that have already happened. Name me one leader who emerged from the crisis of Hurricane Katrina. Congress has yet to spend a single day evaluating the response to the hurricane, or demanding accountability for the decisions that were made in the crucial hours after the storm.

Everyone's hunkering down, fingers crossed, hoping it doesn't happen again. Now, that's just crazy. Storms happen. Deal with it. Make a plan. Figure out what you're going to do the next time. Name me an industry leader who is thinking creatively about how we can restore our competitive edge in manufacturing. Who would have believed that there could ever be a time when 'The Big Three' referred to Japanese car companies? How did this happen, and more important, what are we going to do about it? Name me a government leader who can articulate a plan for paying down the debt, or solving the energy crisis, or managing the health care problem. The silence is deafening. But these are the crises that are eating away at our country and milking the middle class dry.

I have news for the gang in Congress. We didn't elect you to sit on your asses and do nothing and remain silent while our democracy is being hijacked and our greatness is being replaced with mediocrity. What is everybody so afraid of? That some bonehead on Fox News will call them a name? Give me a break. Why don't you guys show some spine for a change?

Had Enough?

Hey, I'm not trying to be the voice of gloom and doom here. I'm trying to light a fire. I'm speaking out because I have hope, I believe in America. In my lifetime I've had the privilege of living through some of America's greatest moments. I've also experienced some of our worst crises: the 'Great Depression', 'World War II', the 'Korean War', the 'Kennedy Assassination', the 'Vietnam War', the 1970s oil crisis, and the struggles of recent years culminating with 9/11. If I've learned one thing, it's this: 'You don't get anywhere by standing on the sidelines waiting for somebody else to take action. Whether it's building a better car or building a better future for our children, we all have a role to play. That's the challenge I'm raising in this book. It's a call to 'Action' for people who, like me, believe in America. It's not too late, but it's getting pretty close. So let's shake off the crap and go to work. Let's tell 'em all we've had 'enough.'

In need of balls

And I am not talking about politicians

Our very own Mad Scientist, Bill Llewellyn has been invited to bring Bomberos (big gun!) and the pedal gun to the machine gun shoot in Ft Morgan next month. As such he will need 6-12 more bowling balls to shoot. Folks, keep your eyes peeled for extra balls laying around. You can read about Bill's Big Guns and pedal gun in the last edition of the WhacEnews-which you can find (archived) on the website.

Thanks

Social Security-will you even see a nickel?

Franklin Roosevelt, a Democrat, introduced the Social Security (FICA) Program. He promised:

- 1.) That participation in the Program would be Completely voluntary,**
- 2.) That the participants would only have to pay 1% of the first \$1,400 of their annual incomes into the Program,**
- 3.) That the money the participants elected to put Into the Program would be deductible from Their income for tax purposes each year,**
- 4.) That the money the participants put into the independent 'Trust Fund' rather than into the General Operating Fund, and therefore, would only be used to fund the Social Security Retirement Program, and no other government program, and,**
- 5.) That the annuity payments to the retirees would never be taxed as income.**

Since many of your parents have paid into FICA for years and are now receiving a Social Security check every month-and then finding that we are getting taxed on 85% of the money we paid to the Federal Government to 'put away' -- you may be interested in the following:

Q: Which Political Party took Social Security from the independent 'Trust Fund' and put it into the General Fund so that Congress could spend it?

A: It was Lyndon Johnson and the Democrat Controlled House and Senate.

Q: Which Political Party eliminated the income tax deduction for Social Security (FICA) withholding?

A: The Democrat Party.

Q: Which Political Party started taxing Social Security annuities?

A: The Democrat Party, with Al Gore casting the 'tie-breaking' deciding vote as President of the Senate, while he was Vice President of the US.

Q: Which Political Party decided to start giving annuity payments to immigrants?

A: That's right! Jimmy Carter and the Democrat Party. Immigrants moved into this country, and at age 65,

began to receive Social Security payments! The Democrat Party gave these payments to them, even though they never paid a dime into it!

Then, after violating the original contract (FICA), the Democrats turn around and tell you that the Republicans want to take your Social Security away!

And the worst part about it is, uninformed citizens believe it! Just like the Global warming HOAX.

The New American History Lesson-Our Country

How Long Do We Have?

About the time our original thirteen states adopted their new constitution in 1787, Alexander Tyler, a Scottish history professor at the University of Edinburgh, had this to say about the fall of the Athenian Republic some 2,000 years earlier: "A democracy is always temporary in nature; it simply cannot exist as a permanent form of government. A democracy will continue to exist up until the time that voters discover they can vote themselves generous gifts from the public treasury."

"From that moment on, the majority always vote for the candidates who promise the most benefits from the public treasury, with the result that every democracy will finally collapse due to loose fiscal policy, which is always followed by a dictatorship."

"The average age of the world's greatest civilizations from the beginning of history, has been about 200 years. During those 200 years, those nations always progressed through the following sequence:

1. from bondage to spiritual faith;
2. from spiritual faith to great courage;
3. from courage to liberty;
4. from liberty to abundance;
5. from abundance to complacency;
6. from complacency to apathy;
7. from apathy to dependence;
8. From dependence back into bondage"

Professor Joseph Olson of Hemline University School of Law, St. Paul, Minnesota, points out some interesting facts concerning the 2000 Presidential election:

Number of States won by:	Gore: 19	Bush: 29
Square miles of land won by:	Gore: 580,000	Bush: 2,427,000
Population of counties won by:	Gore: 127 million	Bush: 143 million
Murder rate per 100,000 residents in counties won by:	Gore: 13.2	Bush: 2.1

Professor Olson adds: "In aggregate, the map of the territory Bush won was mostly the land owned by the taxpaying citizens of this great country. Gore's territory mostly encompassed those citizens living in government-owned tenements and living off various forms of government welfare..."

Olson believes the United States is now somewhere between the "complacency and apathy" phase of Professor Tyler's definition of democracy, with some forty percent of the nation's population already having reached the "governmental dependency" phase. If Congress grants amnesty and citizenship to twenty million criminal invaders called illegal's and they vote, then we can say goodbye to the USA in fewer than five years.

Everyone must realize that apathy is the greatest danger to our freedom.
